

# "It Could Be A Wonderful World"

As performed by Pete Seeger on *I Will Be Your Friend*

**Chorus:**     **If we could consider each other**  
                  **A neighbor, a friend, or a brother**  
                  **It could be a wonderful, wonderful world,**  
                  **It could be a wonderful world, oh-ho**  
                  **It could be a wonderful world.**

Verse #1:    If each little kid could have fresh milk each day  
                  If each working man had enough time to play  
                  If each homeless soul had a good place to stay  
                  It could be a wonderful world, oh-ho,  
                  It could be a wonderful world.                   **Chorus**

Verse #2:    If there were no poor and the rich were content  
                  If strangers were welcome wherever they went  
                  If each of us knew what true brotherhood meant  
                  It could be a wonderful world, oh-ho,  
                  It could be a wonderful world.                   **Chorus**
